

Here are the final games of each MLB World Series. Click the Re-Play link and you'll be able to play each game in its entirety.

I've taken the last game played in each series, game 4-game 7, and I've set each one up as if they were being played from the very first pitch.

First let me say "They aren't perfect recreations" as my game currently uses the DH and many of the older series did not. I also have roster limitations with my game and may not have added a late season addition or a role player, but the games are fun anyways.

Try one today.
